May 7, 2018

Dear Chairman Roe, Ranking Member Walz, Chairman Isakson and Ranking Member Tester:

On behalf of the millions of veterans, service members and family members we represent and advocate for, we offer our strong support for the “VA Maintaining Internal Systems and Strengthening Integrated Outside Networks Act of 2018,” also known as the “VA MISSION Act of 2018.” This historic veterans legislation would consolidate and reform VA’s community care programs; extend funding for the current Veterans Choice Program for one year; strengthen VA’s ability to recruit, hire and retain quality medical personnel; review, realign and modernize VA’s health care infrastructure; and extend eligibility to VA’s comprehensive caregiver assistance program to aging and disabled veterans injured before September 11, 2001.

Our organizations strongly support expanding eligibility for VA’s comprehensive caregiver program to all generations of seriously disabled veterans, while maintaining the caregiver benefits that are currently available. Today, this program provides full comprehensive caregiver assistance only to veterans injured on or after September 11, 2001, leaving family caregivers and veterans injured during World War II, the Korean, Vietnam and Gulf Wars ineligible for this critical support. The legislation will help to correct this injustice and we – along with millions of members in our organizations – applaud you for taking this action and look forward to working in the future to ensure that both injured and ill veterans from all eras are eligible for this benefit.

The legislation would consolidate VA’s community care programs and develop integrated networks of VA and community providers to supplement, not supplant VA health care, so that all enrolled veterans have timely access to quality medical care. The bill includes funding to continue the current Choice Program for an additional year until the new community care program is implemented as well as important workforce improvement provisions to strengthen VA’s internal capacity to delivery care. This carefully crafted compromise represents a balanced approach to ensuring timely access to care while continuing to strengthen the VA health care system that millions of veterans choose and rely on.

The legislation also includes a new Asset and Infrastructure Review (AIR) process intended to design and implement a comprehensive plan to optimize and modernize VA’s medical care facilities. The AIR process would provide meaningful stakeholder involvement, transparency and other safeguards during the review process to help ensure the final result leads to a stronger and better aligned VA infrastructure able to deliver care to veterans when and where they need it.
Since the access and waiting list crisis exploded in 2014, Congress, VA and veterans leaders have debated how best to strengthen and reform the delivery of veterans health care to ensure timely and seamless access for enrolled veterans. The legislation before the Committee would take a major step towards that goal by making improvements to and investments in the VA health care system, creating integrated networks so that veterans have access to care when and where they need it, and providing the further recognition and assistance to family caregivers of severely disabled veterans deserve.

As leaders of the nation’s veterans and military service organizations, we thank you for your steadfast leadership in crafting this important bipartisan bill and call on all members of Congress to seize this historic opportunity to improve the lives of veterans, their families and caregivers by swiftly passing the “VA MISSION Act of 2018.” The men and women who have served, are serving and will serve in the future are counting on Congress’ support.

Respectfully,

Garry J. Augustine
